

Directions from **Turtle Bay Resort – North Shore** to **Dillingham Airfield**

HONOLULU SOARING
www.honolulusoaring.com

The *overview* of these directions is:
Hwy 83 (Kamehameha Hwy) to Hwy 930 to Waialua/Mokuleia (Dillingham Airfield)

****Approximate drive-time = 55 minutes****

Get on **Kamehameha Hwy** (Hwy 83) going South and West.

Continue past Sunset Beach, past Pupukea (TRAFFIC SIGNAL), past Waimea Bay.

About 3 miles past Waimea Bay is the next TRAFFIC SIGNAL.

If you turn right at that signal, you will go THRU the town of HALEIWA ;
and at the other end of town is a TRAFFIC CIRCLE (counter-clock-wise traffic) .

If you go straight thru that 1st Haleiwa traffic signal,
you will get to ANOTHER traffic-light in about 1.5 miles; and
you will get into the RIGHT-HAND TURN LANE
which will bring you into that same TRAFFIC-CIRCLE (counter-clock-wise traffic)
AT THE OTHER END OF HALEIWA .

HUG THE CIRCLE .

One of the exits out of the traffic-circle indicates destination MOKULEIA / Hwy 930
That's the direction you want. You are now on the start of Hwy 930 .

ABOUT 1 MILE BEYOND THE TRAFFIC CIRCLE is an INTERSECTION **4-WAY STOP**, red blinker-light.
This is the intersection of Hwy 803 and Hwy 930 .

TURN RIGHT after stopping at that intersection.

You are now continuing on Hwy 930 .

Just for your information, Hwy 930 starts at
the TRAFFIC-CIRCLE at Haleiwa), and makes a 90-degree turn (to the West)
at the blinker-light INTERSECTION, and continues out towards
Dillingham Airfield and Kaena Point .

FROM THE BLINKER-LIGHT INTERSECTION, *AFTER MAKING THE RIGHT-HAND TURN*, continue ahead for about 1 mile.

You will see a ROAD-SIGN for
MOKULEIA, and **DILLINGHAM AIRFIELD**

These signs point towards the underpass of a bridge; ... go under the bridge.

You are still on Hwy 930 (Farrington Hwy), ...continue ...

A half-block beyond the bridge, and on your left, is Waialua Intermediate & High School .

Continue about another 5 miles to the Airfield.

Dillingham Airfield is a 2-mile-long airstrip, parallel to the highway, with a green chain-link perimeter fence-line.
There are 3 entrances to the Airfield. Entrance #1 is for the SKYDIVE activities (and the interior service-road for the airfield). Entrance #2 is 1.5 miles further, and THAT is the Glider-port entrance.

As you enter the GLIDER-PORT parking lot, there is an OPEN-SIDED SHELTER-BUILDING
straight-ahead. This is the RECEPTION area. Ask for **Honolulu Soaring** /
The Original Glider Rides, and **check in with "Mr. Bill"**.
